

The President Says

President Middlebush of the University of Missouri said at the Educational Conference last Monday, that while the higher educational institutions would gladly meet the demand for cooperation in the national defense program, the main purpose of those agencies is to educate young men and young women for leadership, in peace times as well as in times of distress.

In fact the maintenance of our whole democratic system of government depends upon continued support and development of public education from Kindergarten through the university.

UEL W. LAMKIN
President

KANSAS CITY ALUMNI PLAN GET-TOGETHER NEXT FRIDAY

PROMISE FUN AND FOOD

Urge All Faculty and all Former Students Come to Dinner Meeting.

H. Fischer and J. Blacklock Are Taking Reservations; Alumni Asked to Spread News.

"It'll be kinda lonesome here without you!" says a card that comes from Kansas City to faculty, alumni, and former students of the Northwest Missouri State Teachers College. "Food, fun, and a flock of visitin'" is promised.

"Sure... It'll cost you... \$1 if you like figures (But won't be worth a buck to get the lockdown on someone?)" continues the card. "If its not asking too much... how about lessening the suspense of the committee?" by getting in touch with Miss Jeannie Blacklock, ticket chairman, or with H. Fischer, president of the Kansas City alumni.

What is it all about? (Editor's note: Read on.)

Kansas City alumni of the Northwest Missouri State Teachers College are rushing plans for the "Get-Together" scheduled for Friday evening, November 8, during the meeting of the State Teachers Association. They have asked that the Northwest Missourian give publicity to the fact.

The "Get-Together" will be in the nature of a dinner, the hours for the dinner and reception being from 5:30 until 7:30 p. m. The place of meeting is the Business and Professional Women's Club, 1008 Walnut street.

Details of hospitality by the Kansas City group include the placing in the Auditorium of a table where all Maryville folk are invited to register and to consult the record of those others whose local telephone numbers and addresses have been obtained. This will be a means of making contacts with old friends and classmates. Tickets to the dinner will be on sale at the table until Friday noon, November 8. The committee in charge announces that advance reservations may be made by mail and the tickets secured from the table.

H. Fischer, Miss Belle Riggs, and Homer Needels are officers of the Kansas City chapter of the Alumni Association. Those who wish to make reservations or to communicate with Mr. Fischer, can reach him by addressing him at 305 North Lawn, Kansas City, Missouri.

Bearcat Magazine

Bearcat rosters will find on sale at the Maryville-Cape Girardeau game a beautiful five-color book giving the roster of the two teams. This booklet, giving the complete information about both teams will make a prized souvenir of the forth coming grid battle Friday night.

News Summary

All the college professors will attend the State Teachers Meeting in Kansas City Thursday and Friday of next week; the students will run or ruin the college.

Two college students join hands in wedlock.

Maryville Bearcats face tough battle with Cape Girardeau on local gridiron tonight.

Archery is introduced in the Physical Ed. department.

A new editor takes position on Northwest Missourian.

"Neatest" boy and girl are chosen by costume designing class.

The Cuban teacher bids the college farewell.

Students Rule College During Teachers Meeting

Robert Turner, President of the Student Senate, will be President of the Northwest Missouri State Teachers College for two days while President Lamkin attends the Missouri State Teachers' Association meeting in Kansas City. Next week, the faculty will also attend this meeting, and various students will be chosen to conduct the classes. For a number of years the precedent has been that no faculty member be allowed on the campus during this time. This custom of letting the students reign has been very satisfactory in the past. It is expected that Mr. Turner and his assistants will again conduct the college in such a manner as will deserve praise.

Stallard and Bird Named "Neatest"

Betty Stallard has been awarded the title, "Neatest Girl," by the students in the Costume Design class. Miss Stallard has been wearing a wine sweater and skirt and a gold necklace, all of which are extremely becoming to her.

LaVeta McQueen, honorable mention for "Neatest Girl," was seen at a game recently in red jacket, black skirt, and white felt snap-brim hat.

Edward Bird, according to the fine arts class, is the "Neatest Boy." Articles of clothing recently worn by Mr. Bird were noted by the class as a yellow sweater, a gray suit, and a jacket and trousers of blue corduroy.

Honorable mention for "Neatest Boy" goes to Richard McDougall. He has looked very neat in a true blue jacket, light blue open-collar shirt, brown trousers and brown shoes.

Next week the Costume Design class will publish the names of those persons who dress well to their individual types. Colors well chosen for blonds, brunettes, and redheads will be considered.

Horace Mann Gives Intelligence Tests

Monday afternoon the members of Mr. Bert Cooper's Educational Tests and Measurements class with the aid of Mr. Leslie G. Somerville administered a series of standardized tests to the pupils of the Horace Mann high school. The purpose of these tests was to compare the work of these pupils with the established norms which have been set up for people of this age.

Tuesday, the freshmen were given intelligence tests from which intelligence quotients and apparent native ability will be determined by the class.

Members of the class carrying out this project are Ruth Henning, Frances Blakey, Eula Rouse, Thelma Bacon, Wilma Hadorn, Agnes Kovitz, Mary Cunningham, Margaret Hanna, Mary Madget, and Ben Neally.

Dr. Dow Leaves To Attend AAUW Meeting

Dr. Blanche Dow left Thursday for New York to attend a meeting of the Committee on Membership and Maintaining Standards of the American Association of University Women.

Dr. Dow, chairman of the Department of Foreign Language at the College, is a member of this committee which has charge of recommending the colleges and universities which it thinks worthy of acceptance into the Association.

Members of this committee will later visit various institutions throughout the United States in order to determine whether or not they are satisfactorily meeting the standards set up for continued approval.

Mary Frances Morrell visited in Residence Hall October 25-27. She is a graduate of 1940 and is now a teacher in the Barnard high school.

Robert Long of Westboro, a graduate of the class of 1940, spent the week-end of October 25-27 at his home in Maryville.

Helen Matters, and Doris Jean Bedford.

After the initiation ceremonies, the new pledges entertained the and refreshments of doughnuts, cider, and apples were served.

The guests at the party were: Mrs. Concha Leon, Miss Velma Coss, Miss Mary Ellen Horan, Miss Barbara Zellers, Miss Elizabeth Botkin, and Miss Margaret Piper.

June Funk, New Hampton, was the general chairman for the arrangements for the party. Miss Ohlone Millikan sponsors the organization.

Senate Names Rush Editor of Missourian

Max Rush of Barnard assumed last Friday the duties of editor-in-chief of the Northwest Missourian. To-day's issue is the first put out under his editorship. His appointment was made by the Student Senate with the approval of the administration.

Mr. Rush is a sophomore in the College. He has had practical experience in newspaper work in that he has grown up in a printing office, his father being editor and publisher of the Barnard Bulletin and at present editor of the Standard-Police and China Record. Mr. Rush was editor of the Barnard High School paper, which was published in his father's paper.

On the campus, Mr. Rush is well known. He was a member of the debate squad last year and is a member of the Barnard pep organization.

Other editors to serve on the staff have not yet been named. Additional reporters have been added. When organization is completed, the masthead in the Northwest Missourian will carry the information.

John Lott to Marry

John Lott who graduated from the College last year will be married November 9. The bride to be is Miss Edith Downey of 1106 sixth avenue, St. Joseph. She has been employed with Swift & Company. Mr. Lott is teaching this year in the Blanchard public school. The marriage will take place in Woodson Chapel at seven thirty p. m.

Miss Estelita Bowman of the English faculty gave a review of Margaret Armstrong's book, "Treelawny," to the Sorosis Club in Tarkio, Monday night.

Band and Peppers to Give Stunt Tonight

The College Band, under the direction of Mr. Gieger, and the Green and White Peppers, sponsored by Miss Day Weems, will provide the entertainment at the half of the game tonight.

The Band will sound the fanfare entering the field in airplane formation from both ends.

The Green and White Peppers will then give a flag twirling demonstration with Miss Betty Lindley as captain assisted by Don Wilson, twirling drum major of the Band.

The letters C and M will be formed. While the band forms a circle, the Peppers will do an Indian dance for the visiting team.

The feature of the program will be a huge heart formed with drums in the center while the band plays "Drums in My Heart" by Sigmund Romberg.

College Teachers Will Attend Conference

Students of home economics will meet Saturday, November 2, at the Maryville High School in conference. Miss Hettie M. Anthony and Miss Elleen Elliott of the College faculty will attend.

This is one of a series of thirty-three conferences sponsored by the vocational-home-economics division of the State Department of Education for the purpose of strengthening the home-project program.

A series of similar meetings held during the 1939-40 school year in twenty districts throughout the state attracted approximately four thousand high school girls. It gives to the girls an opportunity to exchange ideas, share responsibility, develop realization of the value of home projects, and acquire a broader concept of the nature of worthwhile projects.

Business Law Trial

Had a stranger entered the door of the Business Law class last week, he might have been greatly surprised. He would have been in place of the usual routine of instructor lecturing class, that of judge instructing jury. The class conducted a mock trial in the now famous case of Fields Vs. Means.

Judge Sterling Surrey, eminent jurist in these sections, heard the case in its entirety. Judge Surrey is renowned in judicial and legal circles for his unbiased and unequalled hearing of cases. His adeptness in handling this stormy case is highly laudable and commendable, particularly in instances of preserving order.

The suppositions case was "to wit": The Plaintiff, Mr. Paul Fields, was employed by the defendant, Mr. Vaughn Means, for the purpose of bringing about sale to the city of Maryville a new waterworks plant.

In pursuance of such an agreement, the plaintiff exercised his influence actively to induce the public to favor the project, and also solicited the mayor and members of the city council possessing the power to purchase the property. He contends that it was through his efforts that the council finally made the purchase. The plaintiff brings this action to recover on the contract.

The case rested upon the question of lobbying in relation to contracts. The law states that contracts made by means of lobbying are void as against public policy. It was the task of the plaintiff to prove that his actions were not those of a lobbyist, and the task of the defendant to prove that the plaintiff had resorted to lobby in securing the contract.

In the process of paneling the jury, Judge Surrey, upon objections by the lawyers, disqualified two jurors. Mary Cunningham was disqualified on the grounds she wrote for the Northwest Missourian, and as such might be biased. Wayne Taylor was disqualified because he had recently taken up aviation, and his decisions might not be rational because he was undergoing such a radical change in his life.

The jury was comprised of members of the class who had not formed an opinion in the case and were agreeable to counsel for the Plaintiff and the Defendant as well.

The attorneys for the Plaintiff, Mr. Fields, were Helen Johnson and Irene Cobb. The case was opened by Miss Johnson who with her colleague, Miss Cobb presented the following witnesses: Vida Bernau, a social science teacher in the Maryville city high school; Russell Insley, present manager of the city water plant; and Rex Steffy, a banker and member of the city council. Their testimony attempted to point out the need for a new water plant, and to establish Mr. Fields' actions as simply good salesmanship. A highlight of these testimonies was the cross-examination of Mr. Steffy by Counselor Baker.

Mr. Steffy became confused and contradicted himself considerably,

much to the chagrin of himself and Mr. Fields. Fields appeared as the last witness for the Plaintiff's case. He gave to the jury the sad story of working seven long months for an employer who would not pay him a cent for his services, shedding an abundance of tears erstwhile. During the course of his testimony, Fields made several outbursts of a derogatory nature against the character of Mr. Means. Practically all of them were objected to vociferously by Means' counsel, and Judge Surrey sustained and over-ruled according to his sagacity as a prelate.

The lawyers for the defendant, Vaughn Means, were J. Glaze Baker and Harry Green. Mr. Baker opened the case. Witnesses called by the defense were Sidney Inglehart, publisher and editor of the Maryville Daily Globe, who testified that Fields had attempted to influence his editorial policy in order to persuade the council and people to buy the new water plant; Mary Virginia Beck, stenographer for the Mayor and city council, who testified that Fields bought her sodas, and tried to date her, stating he had blueprints of the new plant he would like to show her; and next, little Dorothy Tripitt, cute ten year old daughter of the President of the Rotary Club. She testified that she saw and heard Mr. Fields try to persuade her father to boost the proposition before the Rotary Club.

On cross-examination, counsel for Mr. Fields became too stern to the little girl whereupon Judge Surrey reprimanded them, as the little girl began to cry.

The testimony of the defendant, Means, sought to bring out qualities of his character which Fields had tried to tear down. It pictured him as a teacher of a men's Bible class, Rotarian, Elk, Mason, community pillar, and a benevolent employer who gave bonuses to his employees.

The testimony of defense witnesses, as well as those for the plaintiff, was filled with innuendoes and subtleties directed at the opposition. The closing argument for the Plaintiff was made by Miss Cobb, and for the defendant, Mr. Green. Both arguments were filled with vindictive allegations bathed in the sentiment that is popular with juries.

The jury because of a lack of time, took individual ballots, and by a vote of seven to five, ruled that Mr. Fields should be paid for his services. This verdict infuriated Mr. Means, who rose to his feet and shouted, "They can't do this to me. I'll appeal to a higher court." The Judge ordered him to be seated.

A high-light of the trial was the recurring instances when Mr. Fields shouted out in the court-room without the aid of his counsel. He was always remonstrated with by the Judge, and finally fined for contempt of court.

In all seriousness, the trial gave to the class a broader understanding of the operations of contracts, and was a most beneficial to all who heard it.

Bacons to Appear in Concert

Mr. Bacon

Mrs. Bacon

With the appearance of Ernst Bacon and Anlee Camp Bacon, students of the college will be privileged to hear two of this country's finest musicians.

Even though the remodeling of the auditorium at the administration building is going forward at full speed, the first major entertainment of the year will find this remodeling not yet nearly enough completed to permit its use for the concerts. Because of the limited seating capacity of the Horace Mann auditorium, where the student assemblies are being held, the Bacons will give two formal concerts. These will be given on Monday and Tuesday nights, November 11 and 12 as previously announced in the Northwest Missourian.

The New York World in speaking of Mr. Bacon says: "Here is an artist of ingratiating touch, and adequate technique held subservient to the poetic vision conjured by his music, and a charming sense of whimsy and diversion."

Mr. Eugene Gossens, conductor of the Cincinnati Symphony Orchestra, under whom Mr. Bacon studied composition, has made the statement that "Bacon is one of the most brilliant American musicians I know of."

Mrs. Bacon is considered by many to be one of the leading young cellists of America.

Mr. and Mrs. Bacon are both very strongly interested in developing the native American musical talent. In a recent article, "Toward a Musical Home Rule," published in the April issue of The Southern Literary Messenger, Mr. Bacon says that art grows in this country despite and not because of the conscious popular will. "This eminent musician and his wife are working to do what they can to foster American music. Mr. Bacon himself, has composed songs to words by Sandburg, Sarah Field, Walt Whitman, and Emily Dickinson.

Full details of admission to concerts and lectures by Mr. and Mrs. Bacon will be published in next week's Northwest Missourian.

New Changes at Residence Hall

The old Browning Room at Residence Hall is going. It is to be only a memory. It was a very popular room, and the door was never closed because of a regulation to that effect enforced by the Desk Girls.

Browning, according to Webster, has something to do with reading here and there in a book or library. Maybe that little room off the parlor was named anyway very well in the first place. Anyway it is to be renamed, and this time it is to have a practical name—Office. Miss Villars and Miss Truex have announced that they will open a joint office in that room soon. This has been made necessary by contemplated renovation in the lower corridor which change will involve Miss Villars' Office.

The post-office boxes which have been in the Browning Room, for over a year have been moved back to their old place beside the long distance telephone booth.

When the Horace Mann School opened to the Nursery School, that department was moved from its temporary location in the Solarium at Residence Hall. Now the Solarium has been returned to its original use, that of private living room for the Hall. Any resident desiring to type after ten-thirty has been asked to move to the Solarium to do so. It is generally used for house meetings, group meetings, and parties.

Notice

In order to take care of the equipment which we have it will be necessary for us to make a small charge on the phonograph which we have available for the use of dances, etc. I am sure that everyone understands the damage that can come from moving and from promiscuous handling of the instrument and records.

So, effective November 1, there will be a charge of twenty-five cents an hour with a minimum charge of a dollar for the use of the phonograph. The dollar will be paid to Mr. Rickenbrode, the Business Manager, who will then authorize the use of the instrument. The instrument will be put in the room where it is wanted and a person employed at twenty-five cents an hour (the price paid by the organization) to run it.

We hope this is satisfactory and will preserve the instrument and render better service.

UEL W. LAMKIN,
President.

Betty Stallard Is Guild Representative

Miss Betty Stallard, recently selected the neatest girl in the College, has accepted the position as representative of this campus for the Campus Originals Guild, New York. She will assume her duties immediately.

Miss Stallard is a senior in the College, having entered in 1939 as a junior. She is the daughter of Mr. and Mrs. J. H. Stallard of St. Joseph. In 1937 she was graduated from Central High School in St. Joseph and in 1938 and 1939 she attended St. Joseph Junior College. Miss Stallard is a home economics major and English minor.

Those interested in fads and fashions and their creation should see Miss Stallard and submit their designs to her. She will forward them to the Campus Originals Guild where they will be held for selection or rejection. If they are accepted both the designer and Miss Stallard will benefit through the remuneration they will receive, which remuneration varies with the type of design submitted.

Details of the Guild's offer and Miss Stallard's new duties were published in the Northwest Missourian of October 11 under the caption "Guild Wants College Fads and Fashions."

Christian Endeavor to Go to Convention

The Christian Endeavor Society of the Christian Church in Maryville has among its strong members a number of College people. This young people's organization desired to attend the National Convention in St. Joseph this fall. For twelve of them to make the trip ten dollars had to be advanced. Ready cash is not plentiful among the student body, but they did not allow that fact to present a problem very long. The Church needed cleaning. Someone had to do it. The young people offered, and were accepted. Now they have the ten dollars, and plans are under way to make the trip.

The College students participating were: Louis Strader, Buford Elliot, Lloyd White, Marcus Sherman, Genevieve Umbarger, Adaline Wilson, and Eldora Van Fleet.

Dr. Atwood to Speak Nov. 7

On Thursday, November seventh, the College is to have as its distinguished guest President Wallace W. Atwood of Clark University, Worcester, Massachusetts.

He will give two talks in the Horace Mann Auditorium while he is here. One, at 10:15 on Thursday morning, will be an illustrated lecture on "Travels with a Geographer in South Africa," and the second, at 2 o'clock on the same day, will be entitled "The New Meaning of Geography in American Education."

President Atwood is well known as the co-author of the Frye-Atwood Geographies and the more recent Atwood and Thomas series of geography textbooks which have been in use in schools all over the United States for many years. He has done much research in many parts of this country and in addition to his reports and monographs by the United States Geological Survey he has recently published "The Physiographic Provinces of North America." He is editor of a series of regional political wall maps, and is the founder and editor of Economic Geography, an important quarterly magazine.

In 1920 Dr. Atwood was called from a professorship at Harvard University to become President of Clark, where he has built up the leading graduate school of geography in this country. He is internationally known as one of the outstanding geographers of the world. In 1938, after attending the International Geography Congress in Amsterdam, he spent several months in South Africa, where he traveled widely and took many colored motion pictures.

Cuban Teacher Bids Farewell

Mrs. Concha Leon, who has been a student for the past six weeks in the College, left Wednesday for her home in Guanamo, Cuba. She plans to go from Kansas City to Miami via railroad, and from Miami to her home on the Clipper.

Mrs. Leon came to the United States as a delegate to the General Commission Conference for persons interested in primary education. The meeting was held in Kansas City.

Miss Clancy, the director of the school in Cuba in which Mrs. Leon teaches, recommended Maryville State Teachers College as an outstanding college from which Mrs. Leon could obtain more knowledge concerning her work. Miss Clancy suggested Maryville because she was acquainted with Miss Millikan and knew of her contributions to the field of primary education.

Mrs. Leon has twenty-three pupils in her kindergarten. This school is operated by the American government. Mrs. Leon said that they were forced to teach Spanish, but English was also required.

During her stay in Maryville, Mrs. Leon said that she had formed a very high opinion of students and faculty members. She said that especially she wanted to express her appreciation to Miss Millikan, President Lamkin, and the Horace Mann teachers.

She said that it was through such people as these that more friendly relationships were established between the United States and Cuba.

Monday night, October 28, she was entertained with a dinner, given in her honor by the Horace Mann teachers of the primary department. Wednesday, October 30, Mrs. Leon spoke to the International Relations Club. The title of her address was "The Relationship between the United States and Cuba."

Although Mrs. Leon says that she is sorry to be leaving this country, she is very eager to return to her pupils and especially to her husband, who is associated with the Cuban government.

A statement made by Mrs. Leon was, "When I go back to Cuba my students will hear more about Maryville and Kansas City than about New York."

Husband of Former Student Dead

Mr. and Mrs. Bert Cooper drove ten miles southeast of Maryville, Monday afternoon, October 28, to attend the funeral of Mr. Alva Hefflin.

Mr. and Mrs. Hefflin and their family had attended the big barbecue and rally at Fort Dallas, Friday, October 25. They returned home about midnight Friday night. Mr. Hefflin was accustomed to rising first and upon his failure to do so the next morning he was called. His family received no response and upon investigating they found him dead in bed.

Mr. Hefflin leaves his wife, the former Miss Lucile Snowberger, sister of Mrs. Bert Cooper, and a former student of the College; a daughter, Jean, 17, who is attending Maryville High School; a son, Jimmy, 15, who attends Graham his sister, Mrs. James Evans, who lives southwest of Maryville; and his father, Mr. Sherman Hefflin.

The funeral was Monday afternoon at 2 o'clock, at the home southeast of Maryville with the Reverend Fred Terry of the Baptist Church of Maryville officiating. Interment was at the Mt. Carmel Cemetery, Maryville, Missouri.

Mrs. Godsey Is Injured

Mrs. Effie Godsey, of St. Joseph, was injured in an automobile accident Saturday afternoon in St. Joseph. She is the mother of Mrs. Olivet Dunshie of Stanberry and Townsend Godsey, both former students. Mrs. Godsey is also the mother of Ed Godsey, the man who took the Tower photos.

BULLETIN BOARD

ART CLUB MEETING

The Art Club will meet Monday night, November 4, at 7:30 p. m. in Room 401.

A program has been planned and all members are urged, by the president, to attend. All students interested in Art are cordially invited.

KENNY BAKER TICKETS

Faculty members and students who wish to buy tickets to see Kenny Baker in Kansas City, Monday night, November 11, must see Miss Marian Lippitt immediately. These tickets are for good balcony seats, but Miss Lippitt will also be able to secure orchestra seats.

There are still more seats available on the College bus for the trip. Late News: Tickets may be had for \$1.50—only a few left.

All persons interested in writing for the Northwest Missourian, please meet with the staff in room 393 at 4 o'clock Monday, November 4.

CALENDAR

November 1, Friday—Maryville vs. Cape Girardeau at Maryville.

November 1, Friday—Phi Sigma Epsilon fraternity open house.

November 6-9, Wednesday, Thursday, Friday, and Saturday—Missouri State Teachers Association Convention at Kansas City.

VOTE!!!

Every instructor and every student who is of age should make it a point to cast their ballot in the National Election next Tuesday, November 5. As citizens of this Democracy, each person has it as his duty to pass his judgment as to the methods of government for the four years to follow.

Anyone who fails to express his opinion in this election has no moral right either to criticism or to blame the Government for any of its actions. A privilege as great as this is enjoyed only by American citizens in these times of world turmoil. Surely we should exercise such a privilege.

PHYSICAL EXAMINATIONS

The College is interested in the health of the students first, next in training teachers to care for the health of their pupils.

Physical examinations are required upon entering College, and follow up records are kept during the entire school life; consultations on health matters encouraged; attention is called to remedial defects; first aid is given; standard immunizations are advised and where needed for acute troubles hospitalization is furnished by the College in a standard hospital.

A registered physician experienced both as a practitioner and a teacher and a trained nurse living in the dormitory, are on full time duty. Offices and rooms of the Health service department are maintained in the gymnasium, with a clerical staff essential to keep records and standardized reports.

Courses in health education and provision in the training school for observation and practice teaching in health education are new but growing projects.

Close contact and constant cooperation with the Physical Education department are maintained.

Daily attention to student living conditions to safeguard the health, morals, and mental efficiency; and to foster good citizenship and responsible leadership are considered part of the health work.

The dormitory is under constant supervision and a resident nurse is on call at all times.

The greatest good in our health program comes through the attitude and cooperative support of the entire faculty.

FOR HEALTH, IT'S NOT WHAT YOU KNOW BUT WHAT YOU DO.

F. R. Anthony, M. D.

From the Dean

I saw two youngsters dancing the other day and soon all the others had formed a ring about these two as they went through their routine. On the faces of their colleagues was rapt approval for the quality of the performance of these two.

A young man dressed in overalls stepped back from the board he had been rubbing and surveyed the job with pride.

The last note faded away and the audience sat silent and then applauded a task well done, while back stage the singer smiled in the realization of appreciation of the quality of her song.

In each of us there is a longing for such approbation and in many cases there are jobs well done that never get a word of praise or a smile of encouragement; yet usually someone will say the little thing that helps us to keep on keeping on.

Two things then: Since I am sure you and I and everyone else are more or less alike, it seems to me that if you and I will strive to do our best in all we do, then surely the others with whom we come in contact will recognize the quality of what we do and encourage us to do bigger and better things just as we shall try to recognize and encourage the development of the best talents of those about us.

—J. W. Jones

ALMA MATER

Surely something should be done to teach students their college song, the Alma Mater. The following is an exact copy of the song as an actual student of the College sings it (or at least wrote it when called upon to do so).

Let your voice loudly ringing
Songs of praise and hope.
Loudly singing let your voice
In the voice of cheer

Alter Maudder Alter Moder
Sing of voice and cheer
Let yours praise ring
And bring the cheer

May your fond recollection
Bring back the memories dear
From they fond days
Of the old school year.

The Alma Mater is a song that all should learn. Nobody should have to have a written copy of it before him. To assist those who are new this year to learn the song correctly, the song is here printed as it should be sung.

Alma Mater

Let your voices loudly ringing,
Echo far and near;
Songs of praise thy children singing,
To thy memory dear.

Chorus:

Alma Mater! Alma Mater!
Tender, fair, and true;
Grateful sons, with love unfeigned,
All their vows renew.

Years may dim our recollections,
Time its change may bring;
Still thy name in fond affection,
Evermore we sing.

WAR RULES

Professor K. C. Leebriek of Kent State University in Kent, Ohio, has given students seven rules for governing their thoughts and actions during the war. The rules are:

1. Don't believe everything you hear.
2. Don't be inadvertently a "fifth columnist".
3. Don't be a war gossip.
4. Be careful of your criticism.
5. Remember that propaganda is more effective at this time than at any time in history, and you can be "taken in" even if you are an intelligent college student.
6. Think of the situation as it has happened and not as you read it in the papers or hear it on the radio alone.
7. Don't be too hasty to judge what's going on until you have full information. We, as a rule, are sometimes glibly, particularly so at the present time when we are in the midst of such a period of international crisis; the nations of the world are all involved, either directly or indirectly. Naturally many people have voiced their opinions concerning the matter. Some of these people are of great renown and famous, and we think their "say so" is on the "right road of thinking". Don't jump at conclusions or believe everything you hear. Do a little independent thinking and research.

(NSFA.)

YOU CAN'T QUIT ADVERTISING
YOU'RE TALKING TO A PARADE
NOT A MASS MEETING

Cuban Woman Likes Life in The States

Mrs. Concha Leon praised the way of living in the United States very highly in her address to the International Relations Club Tuesday evening. She was very much impressed by the freedom of living as she found it here. Every one from Miami to Maryville has shown whole hearted hospitality, according to Mrs. Leon.

Mrs. Leon, who is an Episcopal Kindergarten teacher in Guantanamo, Cuba, said that relations between Cuba and the United States are stronger now than they have ever previously been. Cuba looks to the United States navy, that has a base in Guantanamo harbor, for protection. The people of Cuba are also satisfied with the commercial relations carried on with the United States, Mrs. Leon asserted.

When asked if the Cuban people feared possible annexation to the United States, she replied that the Cubans "know that" neither the President of the United States nor anyone else would do such a thing. She praised Mr. Cordell Hull and the American foreign policy very highly and expressed the hope that it would be continued.

Even though there are many German and Japanese persons in Cuba, there is not an active fifth column. The Cuban people are not in sympathy with their mother country, Spain. "In contrast to the American belief," she said, "we do not think of Mr. Batista as a dictator." We can think as we please, we can say what we please, and we can do as we please. We have a democracy almost like yours and we want to keep it that way.

Music Students to Visit Kansas City Schools

Students of the music department will spend Monday in the junior high schools of Kansas City. The group will be the guests of Dr. Mabelle Glenn, director of music for the Kansas City Public Schools.

Ginger Snaps

There is the student who writes about a sport as a "reactional activity." Is that a boner? Or is it?

Who said advertising in the Northwest Missourian does not get results? Look at Betty Stallard! She read the advertisement! She got the job! She got herself noticed by the Costume Design class! Quick results!

"A freshman stood on the burning deck,
But as far as I could learn,
He stood in perfect safety;
He was far too green to burn."
—Exchange.

There is a chap on the campus who talks about the "faterity." Heavyweights only admitted, eh?

The group will be accompanied by Dr. Reven S. DeJarnette and Miss Leader of the music department.

It is expected that all types of vocal and instrumental music teaching will be observed in the setting of every day class work. Dr. DeJarnette says, "No more valuable experience other than actual teaching can be wished for as a preparation for future teaching responsibility than observing the teaching of others."

The group expects to end the day with a visit to the Jenkins Music Company where it will be shown all the latest developments in music and instruments used in the public schools.

Students making the trip are Frank Baker, Charlene Barnes, Lois Barrett, Mary V. Beck, Burton Dunbar, Lewis Horton, Marlin Johnson, Margaret McLaughlin, Martha Miner, Donald Moyer, Mona Pennington, Ellen Porter, Rosa Lee Roark, Leslie Somerville, Kenneth Tebow, Ruth Ward, Gertrude Yeater, and Theodore Young.

Lois Wessing of Bethany was a guest in Residence Hall October 25-27. She formerly attended the College here.

It is suggested that the foregoing table be clipped for reference for next Tuesday night in order to keep a running score of the election results as they are flashed by states.

The Stroller...

Tagging around behind a football man does not always give the Stroller a good joke, but he is at least on the trail of a joke when he keeps Joe Kurtright in sight. Now it seems that Dorothy Steeby takes speech. Kurtright does not, but he goes to the speech class—now and then. Now means when he thinks Dorothy is going to speak; then means when she does speak. This week then means today, when Dorothy discusses "How to Catch a Man." The Stroller wonders if Dorothy is going to give her own technique a public airing.

The Stroller spent half his time this week trying to find out why several faculty women had been receiving mysterious notes and telephone calls in which they were requested to appear downtown on Hallowe'en night with flash lights. And now he learns it was merely by way of invitation to that Hallowe'en party that they had last night. Bah! Why didn't somebody tell her?

When asked in Mr. Garrett's social science class for an example of a current notable who has endorsed a product to increase its sales, one member awakened nearly half the class, the Stroller included, when he answered, "Jack Armstrong."

Betty Townsend and Patty Farris spent part of the night trying to decide why the water tower was not put under a star to save electricity. The Stroller would not venture an answer, but he does think the tower might interfere with star gazers; then, too, the worry of the girls may have been brought about by that mock trial about water plants.

When a fellow gets locked in the same place twice, there must be some reason for it. The Stroller suggests that Howard Madden either must like Residence Hall pretty well or like somebody who lives there or be just plain unlucky or carry a watch that is about ten minutes slow or—the Stroller just gives it up.

The Stroller always knew that Mr. Johnny Geiger liked pie, but she confesses she was somewhat surprised when he went up with "boys over sixteen" to get his piece of pie in a downtown exhibition of pie eating.

Miss Clark Has Poem Published

Miss Ada Clark of Albany, a former student of the College, heads the "Starbeams" column in the October 28 issue of the Kansas City Star with the following poem.

HOUSE OF REFUGE.

A sound of battle rings across the sea,
As nations one by one yield up their all,
While hope is bound beneath the awful thrall
Of cruel war—no longer are men free.
But trampled in the dust of greed and power,
They see their children shrink from flaming death,
Then call to us with burning fevered breath,
To render aid in this heart crushing hour.
The challenge echoes and the answer speeds—
A thousand homes have opened wide their doors,
And true parental care will meet the needs
Of youthful refugees who reach our shores.
God bless our land where peace and service reign
And keep it free from war time's bloody stain.
Miss Clark, a teacher in the primary grade at Albany, was active in the Writers' Club while in College. She has published much poetry in newspapers and magazines and has several books of children's poems and short plays and dialogues to her credit. Her work has been included in various anthologies.

CIVIL SERVICE EXAMINATIONS ANNOUNCED

The United States Civil Service Commission has announced open competitive examinations for the positions listed below. Applications must be filed with the Commission's Washington office not later than November 25. The salaries are subject to a retirement deduction of 3 1/2 per cent.

Senior specialist in higher education, \$4,600 a year. Office of Education, Federal Security Agency. The duties of this position include making studies of problems in the field of higher education involving curricula, methods of instruction, faculty welfare, student personnel, financial support, etc. Applicants must have completed a 5-year college course and in addition must have had progressive experience in the field of higher education, including experience in making or supervising normative and comparative studies of higher institutions of learning.

Superintendent of clothing factory, salaries ranging from \$2,600 a year to \$3,800 a year; foreman tailor, salaries ranging from \$1,800 a year to \$2,300 a year. The salaries vary with the establishment to which assigned. Employment is under the Bureau of Prison Indus-

tries, Department of Justice. Applicants must have had experience in the clothing manufacturing business sufficiently broad to render them familiar with materials and processes used. Part of the experience for either position must have been in an appropriate supervisory capacity.

No written examinations will be given for these positions. Applicants will be rated on their qualifications as shown in their applications and on corroborative evidence.

Full information as to the requirements for these examinations and application forms may be obtained from Eldon W. Irvin, Maryville, Mo., Secretary of the Board of U. S. Civil Service Examiners, at the post office or customhouse in this city, or from the Secretary of the Board of U. S. Civil Service Examiners, at any first or second-class post office.

Mr. & Mrs. DeJarnette Attend Meeting

Dr. Reven S. DeJarnette of the music department and Mrs. DeJarnette plan to attend the Kansas State Teacher's Meeting to be held at Topeka this week end, where Dr. DeJarnette will participate in plans for the cooperation of the Kansas State Music Teachers' Association in the bi-annual meeting of the Southwestern Music Educators Conference to be held at Wichita, next April.

Dr. DeJarnette is chairman of the college-university section of the latter association.

Can Hear Great Plays

Students have a rare opportunity to hear the great plays of the ages which will be broadcast over the National Broadcasting Company Blue Network each Sunday afternoon, at 2 o'clock.

The plays to be presented date from ancient Greece. The list includes such favorites as The Mikado, Gilbert and Sullivan; The Barber of Seville, by Beaumarchais; and The Rivals, by Sheridan.

Three of the series of great plays have already been broadcast. Beginning with October 13, these were: an original radio drama; The Birds, Aristophanes; Everyman, an old morality play.

Beginning with next Sunday, November 3, the plays to be presented during the month are: Dr. Faustus, Marlowe; Love's Labor Lost, Shakespeare; and The Merry Wives of Windsor, Shakespeare.

This series is to continue through the year with a broadcast every Sunday afternoon until May 4. Further information concerning these plays will be published in a forthcoming issue of The Missourian.

Phi Sig Epsilon to Have Open House

Immediately following the Maryville-Cape Girardeau football game here tonight the Phi Sigma Epsilon fraternity will have an open house party for all actives, pledges, and honorary members of their society.

About forty couples are expected to attend the party which will begin about ten o'clock and will probably last until twelve o'clock. The party will be held at the fraternity house.

The chaperones will be Mr. and Mrs. W. T. Garrett and Mr. and Mrs. Robert Main. The open house party is one of the many social occasions sponsored by the Phi Sigma Epsilon fraternity annually.

November 16, the Phi Sigma Epsilon fraternity will sponsor another social event to be held at the Maryville Country Club. This event will be a farewell dance for the fraternity boys who will leave with the local unit of the National Guard.

Rag Time Roundup A Big Success

The rag-time cow-gals of Residence Bunk-House entertained more than sixty couples, Saturday night from 9 to 12 o'clock. The informal invitations, which the girls sent to their boy-friends asking them to come prepared for a grand time, brought many cowhands in the dress of the west.

Surrounded by the traditional rail fence, the Residence Hall girls and their cowboy friends "swung out" in the old corral to the music of the College Dance Band.

Couples were dressed in riding habits and other costumes from the old days of Daniel Boone until the time of modern cowboys and cowgirls. During the intermission those who did not leave the hall enjoyed a floor show consisting of an exhibition of square dancing with R. E. Baldwin calling the changes.

Elaine Gorsuch and Roger Winemiller were first place winners in the bowlegged contest. Winners were awarded plugs of tobacco.

Miss Day Weems gave an impromptu rendition of "Friendship," accompanied by Miss Winnie Ann Carruth and Miss Dorothy Truex. Mr. Herbert Dieterich led group singing in the vocalizing of "Home on the Range."

Refreshments of doughnuts and coffee were served from a chuck wagon.

Dance programs were made of wagon wheels, cowboy hats, boots, and breeches, with cow brands for the dance numbers.

Faculty guests included Mr. and Mrs. Herbert Dieterich, Mr. and Mrs. R. E. Baldwin, Mr. and Mrs. R. T. Galt, Mr. and Mrs. Norvel Taylor, Miss Inez Lewis, Miss Marion Lippitt, Miss Day Weems, Miss Winnie Ann Carruth, Miss Lela May, and Mr. F. T. Howard.

Newman Club Has Hallowe'en Party

The Newman Club held its regular business meeting Thursday evening, October 24. The program consisted of three short talks by Ruth Ryan, Jean Hager, and Florence McEvoy, on the subject of "Catholic Education—Its Purpose and Goals."

Plans were made for a wiener roast to be held sometime in the near future. The following Social Committee was appointed: Ruth Ryan, chairman; Florence McEvoy, Paul Hunt, and Bob Hinckley.

Kappa Phi Women Give Informal Tea

Kappa Omicron Phi actives and pledges and Miss Eileen Elliott, their sponsor, were hostesses at an informal tea served in the dining room of the Management House from four to six o'clock Monday afternoon. Miss Hettie M. Anthony, Miss Marian B. Lippitt, and Miss Dorothy Truex were special guests. Approximately fifty girls of the home economics department attended.

Martha Sue Zimmerman was general chairman for the tea. Crystal Cooper and Iris Ebersole poured.

Music for the tea was furnished by a girls' trio composed of Clarice Scholer, Donna Johnson, and Mary Ellen Tebow. Miss Tebow and Miss Johnson also played a violin duet.

The table was lighted by four red tapers and centered by a large gilded centerpiece bordered by red leaves. Yellow and white chrysanthemums were arranged throughout the house. The chrysanthemums were furnished by the College greenhouse.

Baptist Student Union Has Hallowe'en Party

The Baptist Student Union gave a Hallowe'en costume party Tuesday night at the First Baptist Church. Sixty college students attended.

The room was decorated with corn stalks and pumpkins. Each student was given a fictitious name for the evening. Several victims were initiated into the secret order of the spooks and had their fortunes told by the witch who turned out to be Audrey Temple.

Refreshments of cider and doughnuts were served following a short program in which the purpose of the Baptist Student Union on the campus was explained.

Guests of the party who were introduced by Elmond Huddleston, B. S. U. president, were Mrs. Fred Terry, Mr. and Mrs. Frank Moore, Miss Kua Saligupta, Mrs. C. V. Temple, and Mr. and Mrs. Robert Main.

Members of the social committee were Audrey Temple and Mary Wagner.

Science Class Visits Airport

Miss Margaret Frank's Advanced Science Class made a trip to the airport last week. There Mr. David White showed them the new planes. They are making a comparative study of the different types of airplanes and the mechanical function of the controls.

Girls Have Kitchen Party

The girls of the home economics Management House entertained with a wiener roast and kitchen party Tuesday night. Betty Townsend, Dean Nichols, Helen Matters, Bertha Mildred Nelson, Wilma Hadorn, and Mary Virginia Garner were the guests of Mary Kyger, Betty Stallard, Eleanor Olney, Ruth Finney, Margaret Stafford, and Margaret Dickerson, respectively.

June Kunkel was a weekend guest at Arleen Campbell's home in Ridgeway, October 25-27.

W. L. Rhodes 107 W. 3rd
Buy that watch or diamond now while prices are still low and use our lay-away plan.
It's OK to owe Rhodes.

Former Student Weds

Frances Woodburn, a former student of the College, was married to Bernard Webb, Gravity, Iowa, Saturday afternoon at the Methodist parsonage in Maryville. Dr. W. H. Hackman performed the single ring ceremony. Mr. and Mrs. Drexel Gold, Bedford, accompanied the couple.

Mrs. Webb is the daughter of Mr. and Mrs. Glenn Woodburn of Maryville. Mrs. Webb teaches in the third, fourth, and fifth grades in the Quitman public school. Mr. Webb farms near Gravity.

Two Students Marry

Miss Blossom Jayne Alsbury of Stanberry, and Raymond L. Smith of Rea, both students of the College were married at Conception, October 24.

Mr. Smith was a former member of the College Dance Band. The couple plan to reside in Los Angeles, California.

Art Club Has Hallowe'en Party

Members of the Art Club enjoyed a Hallowe'en party Tuesday, October 23. Attired in clever costumes, those persons present participated in games, songs, and folk dances. Refreshments were served to the group.

Jane Warren, general chairman, and the following committee arranged the affair: Frances, Virginia Dorman; Entertainment, Leland Hamilton; Refreshments, Marceline Wiley; Time and Place, Anabel Anderson.

Newman Club Will Give Wiener-Roast

The Newman Club held its regular business meeting Thursday evening, October 24. The program consisted of three short talks by Ruth Ryan, Jean Hager, and Florence McEvoy, on the subject of "Catholic Education—Its Purpose and Goals."

Plans were made for a wiener roast to be held sometime in the near future. The following Social Committee was appointed: Ruth Ryan, chairman; Florence McEvoy, Paul Hunt, and Bob Hinckley.

Varsity Villagers Have Pep Week

Beat Cape! Beat Cape! That phrase is on the lips of every Varsity Villager. Not only does she proclaim it from the bottom of her heart, but she also pins upon her breast a badge of honor announcing the great desire. For this is Varsity Villager Pep Week.

This week has been chosen as the time to attribute to the off-campus women special distinction. All other campus organizations have their day of display, so why not the Varsity Villagers. This club is one of the most active in serving both the school and its members. It pledges loyalty to the school and supports this pledge by words and deeds.

The badge of honor consists of the club shield and ribbon in blue lettered in gold, the club colors. Along with this badge each girl displays a white chrysanthemum. Although the ribbon may fade and the flower die, Varsity Villager's loyalty lives on and the magic words are "Beat Cape!"

Senior Newman Club Initiates Juniors

The Junior Newman Club initiation was held at the Newman Club House, 311 West Third, Tuesday evening, October 22. Eight new members were received into the club. They are: Rita Myer, Thomas Graham, John Schulte, Frank Morgan, James Stiens, Harold Lager, Leonard Lager, and Wilbur Sherlock.

In charge of the initiation were persons from the Senior Newman Club: Mary Cunningham, Ruth Ryan, Jean Hager, Clara Rita Elberger, and Leo Strohm. Mary Cunningham and Leo Strohm are the club sponsors, and Miss Margaret Franken is the club adviser.

Following initiation, refreshments were served and the evening was spent dancing.

Art Display Is On Second Floor

In the display case on second floor there has been shown for each of the last two weeks some work of art. This week the picture in the case is a painting by Mrs. Ruth DeJong of Des Moines, Iowa. It is what is known as "Modern Primitive."

Such work, according to the typed discussion of this week's painting, is done by persons without any systematic training in Art, who possess a strong sense of composition and design. Primitive art of all types is characterized by clear poster-like shapes, with sharp edges, and the use of rather brilliant and strong color. The subject material of Primitive Art varies from time to time, although there is emphasis on the "American Scene."

That this painting is excellent in composition and interesting in its interplay of a variety of shapes is the comment made by those displaying the work.

Witches Frolic at O'Neillian Party

On the night of October 28 in the year 1940 A. D. there was gathered in Social Hall such a conglomeration of weird, fantastic characters as have not been witnessed by this school in a long time. Everybody from "Brenda and Cobina" to the "Statue of Liberty" was present—and a few others that could not be given any names other than things.

Dancing was enjoyed by all in more ways than one—because until one sees "Pansy Yokum" hootin' it around with "Confucius" one just has not witnessed a spectacle destined to make history some day.

Not only was there dancing but a "horror house," a corner to bob for apples, and prizes for the best costumes. Miss Marian Lippitt, as a Chinese Princess, and Leland Hamilton (nobody knows just what he was) won the prizes.

A program which was given by such freaks as Two Men from Mars (Louis Nicholson and Raymond Hutchinson), a dead man just hung (Godfrey Hochbaum), Confucius (John Dillinger), Five Witches, and others furnished fun. Master of Ceremonies was Kenneth Tebow.

Home Ec. Students Are Entertained

Thirty five home economics students from the College, Maryville High School and King City High School were entertained at a dinner given by the Maryville Light and Power Company at the Dream Kitchen Wednesday night. A demonstration of modern kitchen stove equipment followed the dinner.

Mrs. Mabel Hildebrandt, prominent home economist from Mansfield, Ohio, gave the demonstration. Her work is sponsored by the Westinghouse Company.

Mr. Paul Ward of the Maryville Light and Power Company had charge of the dinner.

Among the guests were Miss Hettie M. Anthony, Miss Eileen Elliott, Crystal Cooper, Margaret Dickerson, Ruth Finney, Mary Virginia Garner, Mary Kyger, Rosemary Larkam, Doris Lauber, Ruth Pfander, Betty Stallard, Marjorie Surbaugh, Martha Sue Zimmerman, Fern Randall, Agnes Kowitz, Winifred Lightie, Margaret Stafford, Mrs. Eula Rouse, Mrs. Anna Young, and Jean Martine.

Mysterious Party

Miss Janet Leeder and Miss Jacinta Kampmier entertained a number of their friends last night with a mysterious Hallowe'en party which turned out to be a Treasure Hunt.

Sixteen ladies received mysterious telephone calls telling them nothing more than to meet at the courtyard square, Thursday night at 8 o'clock. When they arrived there, a guide, unknown to us, told them where to go first.

After the Treasure Hunt, the guests were taken to Residence Hall for the playing of birdie and refreshments.

Those who attended the party were Miss Ruth Villars, Miss Dorothy Truex, Miss Inez Lewis, Miss Marion Lippitt, Miss Eileen Elliott, Miss Marion Kerr, Miss Marion Kerr, Miss Mary Keith, Miss Ruth Miller, Miss Miriam Waggoner, Miss Mary Jackson, Miss Emma Lee Vance, Miss Evelyn Badger, Miss Day Weems, Miss Eunice Scott, Miss Esther Forbes, and Miss Mary Fisher.

Y. M. & Y. W. Have Formal Banquet

Autumn was the theme of the decorations for the Y. M. C. A. and Y. W. C. A. formal banquet on Hallowe'en night. The banquet began at 6:30 at Phares Tea room on South Main street.

A large letter "Y" was outlined in colorful fall leaves on the wall and again on the table. The place cards were small branches, also in the shape of a "Y."

Fall colored chrysanthemums and ivory tapers appropriately decorated the center of the table.

The toastmistress and toastmaster were the presidents of the two organizations, Ena Jung Garrett and Leland Hamilton. Ena Jung Garrett gave the welcoming address of the evening and Leland Hamilton welcomed the honored guests and introduced the speaker, Pres. Uel W. Lamkin.

Honored guests were Pres. and Mrs. A. H. Cooper, and Mr. and Mrs. H. G. Dildine, Mr. and Mrs. A. J. Caulfield, and the Misses Day Weems and Marian Lippitt.

Jean Martine was the general chairman of the arrangements. The following committees were responsible for the arrangements for the banquet: Decorations, Robert Turner, chairman; Virginia Hill, Violetta Weems, Mary Jane Johnson, Marion Moyes, Emmett Lawson, Burdette Moon, Rosella Sample; Invitations, Lois Langland and Bertha Nelson; greeting, Robert McQueen, John Dunlap, Carl Roberts, Annette Crowe, Louise Pfander, Marceline Wiley, Arthur Anderson; program, Marlin Johnson and Marjorie Driftmiller.

Animal Drawings Are on Exhibit

A set of drawings of animals has been placed on exhibit on fourth floor of the Administration Building and will remain during next week.

The set consists of diagrammatic and characteristic poses of dogs, cows, sheep, goats, elephants, bears, horses, camels, tigers, and lions.

Everyone is invited to see the exhibit.

Gospel Team Makes Trip to St. Joseph

The Gospel Team of the Y. M. C. A. made its first appearance Sunday at the First Congregational Church in St. Joseph. Ten boys made the trip.

Carl Roberts was in charge of the service with Virgil Elliott, a graduate in the class of 1940, and Marion Moyes assisting him. Byron Stephenson and Leland Hamilton spoke. Their topics were "Christianity and Democracy" and "Education, Religion, and Youth," respectively. Kenneth Tebow played a violin solo.

Those composing Sunday's team were Carl Roberts, Kenneth Tebow, Marion Moyes, Leland Hamilton, Byron Stephenson, Ellis Reynolds, Charles Morehouse, Paul Smith, Godfrey Hochbaum, and Virgil Elliott.

Horace Mann Class Gives Party Here

The Sophomore class of the Horace Mann high school gave a party last Wednesday night in Social Hall. The party, which was an invitation affair, lasted from eight until ten o'clock.

There were eleven honor guests, as follows: Mr. and Mrs. Hubert Garrett, Mr. and Mrs. Herbert Dieterich, Mr. and Mrs. R. T. Hubble, Miss Hazel Burns, Miss Margaret Franken, Miss Norma Houser, Paul Fields, Marjory Stone, and David White.

The party committees were as follows: Refreshment, Maxine McGrane, chairman; Geneva Lance, Virgil Nell, Pete Sherlock; invitation, Pauline Duff, chairman; Mary Frances Huff, Lester Workman, Vernon Couts; games, Herbert Dieterich, chairman; Bessie Phelps, Beatrice Turner, George Weldon.

Hi-Y Clubs Meet

The Northwestern Missouri Conference of Hi-Y Clubs met at the Maryville High School Wednesday afternoon, October 30. The group included Hi-Y clubs from Kansas City, St. Joseph, Tarkio, and Cameron.

The program began at 3 o'clock. A short devotional at 3:30 o'clock was conducted by members of the Y. M. C. A. of the College. Those students of the College participating in the service were Jesse Lundy, LeRoy Briggs, and Leland Hamilton.

At 5 o'clock Leland Hamilton, president of the College Y. M. C. A., conducted the discussion of the commission studying the duties of the college, was in charge of the discussion of the publicity commission.

Leslie Somerville, Jr., directed the group singing at the dinner held in the Mainstreet Methodist church at 6:30 o'clock. James Montgomery accompanied him at the piano.

Hash-Slingers Have Picnic

The Hash-Slingers and their invited guests had a wiener roast at the College Park, Sunday evening, October 27. Their bill of fare included wieners, buns, marshmallows, doughnuts, cookies, and cider.

NYA Quad High Lights

The NYA has been enlarging its projects this last week, and the new material ordered for the machine and work shops has come. There are several new machines in the east room of the Industrial Arts building. The boys have been busy each afternoon building eye bolts and building washers to be used in the construction of the two new buildings on the College campus.

Gene Allen, one of the boys in the NYA residential training project, has discontinued his course at the College and is planning to take employment in Kansas City soon. Gene was a freshman student whose home is Henrietta, Missouri.

Jack Haun of Fairfax, Missouri, a Quad member, visited at home with his parents Sunday.

News from the vocational English classes comes to the reporter that the boys in those classes, under the direction of Mr. Main, have been writing letters to the different aircraft factories over the country asking for application blanks to fill out. It is a good practical experience for the boys as well as a possibility of getting a job with some of the air craft firms.

Paul Evans of Savannah left the NYA Quad this Tuesday. He has employment at the Granada cafe in the evenings now, and is staying up town.

Among the boys who went to St. Joseph, and parts South and East Sunday were: Glen and Howard Allen, and Ralph Collins. Most of them went by the hitch-hiking method and reported that they were quite successful on their trips in catching rides. From their comments, however, the reporter gathers that they would prefer to have a through ride.

Some new boys who enrolled in the school of Metal and Machines and in the Woodworking Department Sunday, were: Maurice Moorman, James McKee, and Everett Lyon.

Swimming period for the NYA boys was held last Tuesday and Thursday nights during the open pool hour. There has been a total of nine intramural basketball games to date. Five games were played Monday night. The Nally's won by

three points from the Turnbull's and the team, captained by Ralph Collins lost by seven points to a fifth game resulted in a tie. Thomas' team defeated the Odells. Team captain by Marsh. Team No. 15, defeated team 10, and the boys get more rounded into condition, fourteen minutes is all that Mr. Davis allows them to play in one game.

Horace Mann Trading Post

The doors of the Horace Mann "Trading Post" are to be thrown open for business soon.

"Trading Post" is the name given by the Horace Mann students to their new supply store which is to open in a few days. Room 202 A is its location. General school supplies and candy bars will be sold.

The main purpose of the supply store is to give meaning to eighth grade arithmetic. The students are getting first hand knowledge of borrowing, making out notes, profit and loss, interest, dividends, and overhead. The store is being sponsored by the eighth grade arithmetic class under the very able guidance of Miss Dora B. Smith. The students hope to earn enough to pay for the new cabinet in their store, and to get some interest on the shares which they have purchased.

A company was organized, a board of directors and officers elected. The officers were: President, Raymond Edwards; vice-president, Richard Neal; secretary-treasurer, Adeline Skillman. The board of directors is made up of Lincoln Noblet, Mary Garrett, and Nellie Snyder. Mr. Roy Ferguson has been a very courteous and helpful jobber.

Every member of the eighth grade will have an opportunity to get some practical experience in

salesmanship. They will work in fifteen to twenty-minute shifts. A definite time schedule is to be worked out. The president and vice-president have already received training through making purchases and checking in goods from Mr. Ferguson.

The boys in the eighth grade Industrial Arts class co-operated by making a handsome cabinet in which the supplies will be kept. Art students are taking care of the publicity by making posters. An interesting one carrying out the "Trading Post" idea in the lettering was made by Lincoln Noblet.

People and Places

Mary Jeanette Anthony, a graduate of 1940, spent the weekend at her home in Maryville.

Keith Haris of Gower visited classmates on the campus October 25 to 27.

Laona Stalcup of Corning was a guest of Ruthie Kelly in Residence Hall, October 25-27.

Lavonia McQueen of Rushville spent October 25 to 27 visiting her sister LaVeta McQueen.

Betty Black had as her guest, October 25-27, her sister Martha from Kansas City.

Vivian Wilson of Skidmore spent the week-end, October 25-27, with her sister, Frances, at Residence Hall.

Barbara Garrett spent the week-end in Richmond.

Mary Jo McGee of Harris spent the week-end, October 25-27, as a guest in the girls' dormitory.

Listen, fellows—here's one play you don't want to 'muff!' Send her chrysanthemums to wear to the game, if you really want to be her hero! One to wear—and a vase full for her room, will go over—a touch-down to her heart.

S. T. C. Bearcats to Face Cape Girardeau Tonight

Milner Expects to Have a Tough Game

Eighteen Cape Girardeau lettermen invade Bearcat Field tonight with thoughts to avenge a 7 to 0 defeat at the hands of Maryville last year. The Indians enter the game with one conference win and one setback. Defeating Kirksville and losing to Warrensburg.

Cape Girardeau rolled over Penn College, of Iowa, 25 to 0 last week, although the Iowans completed 13 of 28 passes, Cape showed plenty of power.

Coach Milner stated, "We expect a tough game, as they always put up a stiff battle against us." Coach Milner previously coached near Cape Girardeau before coming to Maryville.

The tackle situations are still a problem, as veteran Andrew Kruse is definitely out for the season. Ross Griffith is a "question mark" with his injured knee. However Neiland Thompson has returned to contact work and both he and Griffith will see action tonight.

Scrimmages were devoted largely to polishing up the aerial attack, with Joe Kurtright doing most of the tossing. The Bearcats passing attack bogged down in the Culver-Stockton game, and the invaders record shows they have a weak pass defense.

Relative strengths may be compared as both teams have met Culver-Stockton, Maryville capturing a 7 to 0 victory last week. Cape Girardeau was held to a scoreless tie by Culver-Stockton in the seasons opener.

Cape Girardeau has the distinction of being led by three co-captains, Kles, Turner and Koek. Kles being the only three year letterman. Cape supports a five pound weight advantage a man in the line, but will be two pounds lighter in the backfield.

Probable Lineups:

Breckenridge	(179)	L. E.

Hockey Furnishes Bruises and Fun

My, how the sticks did fly! More fun than a picnic, even for the players! Aside from a few bruised shins and ankles, they all weathered the game nicely. The score at the half was still 0 to 0, and so someone had to do something before long. Betty Duncan, at the first of the second half, scored a goal for the Bears, and in just a few minutes, if she didn't do it again! This made the score 2 to 0, with the Cats getting more uneasy with every "whack" of a stick. At last, Betty Smalley, half-back for the Bears, helped the cats make a score by helping to knock the ball through the goal-posts. The Bears soon broke through the Cats' defense for another score, but Winifred Lightie streaked down the field, and lo and behold, the Cats made a goal!

But, much to the Cats' regret, the Bears ended the game with a score of 4 to 2. The Cats were embarrassed by this, but it was agreed that everyone enjoyed the game.

All the players felt that they were under good protection, for "Doctor" Dean Walker, with assistant, Jack Obermiller, were "standing by" in case of injury.

Mr. Davis was in such a hurry to get home that he turned the lights out so quickly that it was rumored around that someone got caught in the fence while fumbling in the dark trying to get off the field.

Horace Mann Ties Fortescue Friday

The Horace Mann Cubs battled Fortescue High to a 6 to 6 tie on the Holt County gridiron, Friday afternoon, in a No. 275 conference tussle.

The two six-man aggregations played on comparatively even terms until the second quarter, when H. Dieterich intercepted a Fortescue pass and raced 30 yards to the 22 yard line. The Cubs cracked the Fortescue line in three quick successive jabs to bring the pigskin to the 5 yard stripe. McGinness scored on the next play by a line smash, but the attempted conversion was blocked.

Fortescue's touchdown came in the last quarter after Lambertson ran back a punt to the Cub's 8-yard line. Lambertson again carried the ball on the next play and drove through center to even the count. H. Dieterich blocked the extra-point kick.

The Horace Mann lineup was as follows: Surplus, end; Hengeler, c; Linneman, c; Baker, end; Howard, end; Lance, qb; McGinness, qb; J. Dieterich, halfback; Reynolds, Courtney, halfbacks; and H. Dieterich, fullback.

Serious Threats to Bearcats

Co-captains of the Cape Girardeau eleven, three veterans: Kles, 185 pound end and three year letterman; Hoek, shifty backfield ace; Turner, 190 pound guard who also kicks the extra points.

Bearcats Start Back Up The Ladder

An attempt by the Bearcats to climb again the ladder of top-ranking college football teams resulted in a victory over the Culver-Stockton team who are slated for the M. C. A. U. championship. The score of 7-0 shows that it was a tight game with both sides displaying good defense.

Ivan Schottel starred in the game when he intercepted a lateral passed Art Hendron, Culver-Stockton fullback and intended for Charles Larson halfback. Schottel eluded two Eagle guards and outdistanced the rest of the team while he traveled 45 yards for the only touchdown of the game. Ralph Kurtright kicked the extra point.

Most of the first quarter was used for line plunges and punts by both teams; however Culver-Stockton completed a number of passes which were good for more than a total of 75 yards. Culver lost the ball on downs at Maryville's 22 just before the quarter ended.

In the first few minutes of the second quarter Maryville recovered a fumble but lost the ball on the next play when a pass was intercepted. They then regained it when a pass was intercepted. They then regained it when Bill Bennett intercepted after a Culver-Stockton penalty Schottel advanced the ball to the 50 from which the Bearcats punted. Larson carried the pigskin to the 41 and on the next play Schottel intercepted a lateral and scored for the Bearcats. The latter part of the period was marked by small gains and fumbles by both teams. In the closing minutes before the half Ralph Kurtright attempted a place kick from the 30 but the ball was about two feet outside of the upright.

The fourth quarter opened with a series of punts. A Culver pass gained them a first down, but they lost the ball on an attempted pass. The Eagles were penalized 20 yards on two counts and the Bearcats tried and their punt from the 25, but it was low.

Culver-Stockton gained the ball on downs in the fourth quarter and when Larson tried a line plunge he was met by Joe Kurtright whose object was to stop the play on the line. Kurtright was sent off the field by the official and Maryville was penalized to its own 40. The Bearcats were backed to their 2 yard line before they gained the ball on downs. Culver made a last attempt for a point getter and were advancing but the game ended before they reached the goal.

During the entire game Bill Yosinski accounted for much of the gained yardage for the Bearcats and the absence of their first string tackles was well handled by Strange and Ellison.

The starting line-ups: Cul. Stock. Maryville Pos. Phillips Breckenridge L.E. Shottel Farrell L.T. Barry Reno L.G. Premier Plammang C. D. Hendren Gregory R.G. Burnett Preston R.T. Flough Hicks R.E. Posey J. Kurtright Q.B. Friese Paxson L.H. Larson Darr R.H. Downs Schottel F.B. A. Hendren

Varsity Cagers Start to Work

In a rather brief workout the night of October 28, some twenty prospective squadmen reported to Coach "Sparky" Stalcup for the initial practice of the forthcoming basketball season.

The drill consisted of a series of long shots, dribbling, and setup shots. A few lettermen were present: namely, Jack Salmon of Maryville and Harold Hutchinson of Hopkins, both two year lettermen; Eddie Johnson of Calhoun and Robert Alpert of Sedalia, both one year lettermen.

Many of last year's lettermen and varsity members were not present because of their participation in football. The material presented to Coach Stalcup is as good as any in Maryville's history.

Archery Is Brought To STC Campus

The College is ever expanding, adding new buildings, new courses of study and opportunities for the students. Now a new sport has come to the Campus for the enjoyment of all—Archery. It is offered at the present time as a recreational activity that is open to both men and women, to both students and faculty.

Archery now meets at four o'clock on Tuesday and Friday, and at three o'clock on Thursday. One may attend the meeting one day a week, two days a week, or three days a week as the individual chooses. Either Miss Waggoner or Mr. Davis will be present at each meeting to give instructions.

About twenty men and women reported for activity when shooting started October 22. No credit is given. A course will be open in the spring for credit.

The necessary equipment has been obtained by the College. There are now three targets, and eighteen bows that vary in weight suitable for the beginner and the advanced student. There are plenty of arrows and quivers. Arm guards and shooting tabs are to be furnished by the individual. The price of these is about ten cents and are not necessary equipment for shooting. The College will defray the expense of all normal wear and tear, but the individual is held responsible for any expense caused by careless use of the equipment.

The bow and arrow was one of the early inventions of primitive peoples. Its use became an art with the American Indian, as it was their

bread winner. Today archery has been revived and has taken its place among the sports. Phillip Rounseville has done much to bring archery to the attention of the sports world.

As a sport, archery differs from football. One can take archery home with one. Literally that can be done. Archery can be enjoyed in the back yard. One inducement is that one can always compete with his own score or any number of people may compete with each other. The equipment needed is long-lived and not expensive enough to be prohibitive.

There is an element of danger to the spectator when there is shooting. Spectators, for their own safety, should not walk on the shooting field south of the Horace Mann building nor back of the targets. There is danger from stray flying arrows.

Barkatze, Marching Band Give Spectacular Stunt

The Barkatze and the STC marching band presented a stunt during intermission of the Culver-Stockton game last Friday night. Announced by a fanfare of trumpets and trombones, the organizations entered both end zones. They were led on to the field by Jim Cook, Maryville; Don Wilson, St. Joseph; and the five majorettes, Carolyn Stickerod, of Rockport; Betty Drennan, of Cornin, Iowa; Violetta Weems of Dickson, Tennessee; Mary Gates, of Maryville; and Helen Johnson, of Rosendale.

As the band played the Barkatze presented a bicycle drill. The sixteen bicycles were decorated in green and white. Both groups joined together to form a large C and S, while the band played Culver-Stockton's Alma Mater. Immediately following they formed a large M as the band played the Alma Mater of STC. Don Wilson was featured in a Swiss Flag Twirling exhibition.

The climax of the stunt was the stairway to the stars formed by the Band. While the Barkatze marched up the stairs to form a star in the northwest section of the field, the band played "Stairway to the Stars." Helen Johnson was featured in an acrobatic stunt as the other drum majorettes danced up the stairs. Don Wilson presented a torch twirling exhibition at the head of the stairs.

Mr. Sterling Surry, chairman of the Commerce Department, announced the stunt. It was directed by the sponsors of the Barkatze, Miss Wincle Ann Curruth, instructor in the physical education department, Mr. Surry, and Mr. John Gelger, band director.

A Day at The NYA Quad

Seventy-five young men are participating in the NYA program here at the College. The purpose of this organization is to give the boy who is just getting through high school actual experience in industry. The NYA provides work experience that is closely related to industry and vocational trades, both skilled and semi-skilled.

The work is varied. In the Industrial Arts, shop they engage in wood, metal, and auto mechanics; at the College Farm, in agriculture and landscaping and with the College electrician, in electrical work. The work in each department is designed to give the boys experience in these fields, and each is a productive type that will enable the boys to enter these fields.

These boys are chosen for the different types of work according to their individual interests. They are hired by the month and are expected to attend classes in vocational English devoted to the interest of their own particular trade.

The boys are not compelled to stay any definite length of time, but the present project is set up for a term of ten months. In that time the boys hope to have completed two new buildings, namely, a new dormitory and an addition major portion of the dormitory to the Industrial Arts Shop. The basement is already completed. The completion of this new dormitory will provide housing facilities for one hundred and twenty boys, there being four dormitories housing thirty boys each.

NYA boys living at the Quadrangle observe quiet hours, after eight o'clock. All loud conversation ceases and radios are either turned off or kept very low. Boys who go home are usually home by 10:30. This is not compulsory, but these boys are here with a purpose and during the week these rules are quite regularly observed. Meals are served at 7:00, 12:00, and 6:00. The boys make their beds and clean their rooms before breakfast. Regulations for systematic orderliness are carefully observed at all times.

Walter and janitor work is taken care of by boys who are hired by the College. At present these positions are being filled by football men who are living at the Quadrangle.

In the Industrial Arts, seventy-five youths participate in productive woodwork and metalwork in the shops and in the drafting room. They attend two lectures daily in related training work pertaining to definite phases of metalwork and woodwork under the direction of Mr.

John Kimbrough

Crozier and Mr. Myers. Work in finishing, woodturning, care and both shops is under the supervision of Mr. Valk, chairman of the department.

In the metal shop, work is planned to cover training and experiences of a productive nature as far as possible. Basic training in the operation of the metal lathe, shaper, drill press, milling machines, bench operations and machine tools is given. It is planned to offer welding practice later during the year.

In the woodshop, productive work is carried on by constructing furniture, and instruction is given in the principles of furniture construction.
